Feel protected at **any stage in life**, with coverage up to age 95.

Take confidence in plan options that **include coverage of pre-existing conditions**.

The many reasons to choose our single-trip plans.

You may have great coverage in the U.S., but those benefits don't extend overseas. If you need medical attention when you're traveling, it could be hard to find the right care, at a time that's already stressful enough.

We'll help you avoid the "what ifs" in life. As in, what if you have no coverage and face unexpected medical bills? We're here so you don't have to take the chance. BCBS Global Solutions gives you peace of mind that you're protected on your adventure.

All plans offer:

- Full coverage outside of the U.S. if you get unexpectedly sick
- The freedom to visit any doctor or hospital you choose, in any country you choose
- Our highly rated mobile app, which provides 24/7/365 support worldwide
- Unlimited telemedicine visits
- Coordinated coverage with medical providers in more than 190 countries

When you travel with us, you're not just covered—you're *cared for*.
